ZOMO FLIGHTCASE SET-30A9 NSE

If you are looking for the perfect protection for your DJ equipment, then the Zomo Flightcase Set-30A9 NSE is exactly what you need. Specifically designed for **two Pioneer DJ CDJ-3000** DJ players and **one Pioneer DJ DJM-A9** DJ mixer, it seamlessly integrates into the popular NSE edition by Zomo.

With its wide, black lacquered aluminum profiles and extra sturdy **ball corners**, it combines durability and appealing design. The **dark black design** of the NSE edition not only gives this DJ case a **stylish look**, but also promises the highest professional quality.

In addition, a special **interior padding** protects your DJ equipment from shocks, scratches, and other damages. This ensures that your equipment remains safe even under the most demanding touring conditions.

The sturdy **laminated 9mm plywood** ensures that heat, abrasion, or even cigarette embers cannot harm your case. The accessibility of your DJ equipment is always guaranteed, as the **front panel** can be quickly and easily removed if necessary.

The Zomo Flightcase Set-30A9 NSE is not only a functional companion but also an **eye-catcher** that adds the final touch to your DJ performance.

PRODUCT DETAILS

KEY FEATURES

Custom Fit: This set case is specifically designed for two Pioneer DJ CDJ-3000 DJ players and one Pioneer DJ DJM-A9 DJ mixer, providing a secure and tailored fit for your devices.

Robust Construction: With its wide, black lacquered aluminum profiles and extra sturdy ball corners, the case offers the highest durability and reliable protection for your equipment.

Optimal Protection: A special interior padding protects your devices from shocks, scratches, and other damages. Additionally, the case is made of sturdy, laminated 9mm plywood that is resistant to heat, abrasion, and even cigarette embers.

Accessibility: The front panel can be quickly and easily removed, allowing access to the inputs of your media players even with the case closed.

Removable Lid: For added convenience and easy handling, the lid is removable.

Butterfly Latches: These ensure secure locking and easy operation.

NSE Design: The dark black design of the NSE edition gives the DJ case a stylish and professional look.

Convenient Handles: These enable comfortable transport of the case.

Integrated Wheels: To facilitate transportation further, this flight case features practical integrated wheels.
