FENDER™ VINTAGE ADS 4-PK COASTER SET, BLACK AND WHITE

In early 1960 Fender continued to innovate, this time with its advertising efforts. The hugely popular, "You Won't Part With Yours Either" campaign featured musicians with their guitars in the unlikeliest of situations including motorbiking, sky-diving and of course surfing. Be a part of our iconic history with these vintage black & white photographed, 4-Piece leather coaster sets. Each coaster depicts a different photo from the campaign. Your drinks will never look better now!!
