# UPRIGHT DIGITAL PIANO UP605

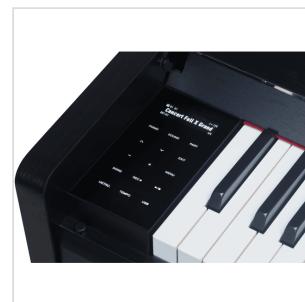

The UP605 is one of the flagship models of Medeli's digital upright pianos and uses the latest generation sound bank with modeling of acoustic piano effects.

The UP605 digital piano is equipped with the latest 3-sensor wooden keyboard (G3PW) developed by Medeli, which pays maximum attention to every detail to recreate the nuances of a grand piano.

It is also equipped with a very precise linear damping pedal which allows you to offer high-level playing experiences on the piano.

The UP605 digital piano offers 40 high-quality sounds and 420 piano songs, as well as powerful features such as USB flash drives, Bluetooth 5.0 MIDI and AUDIO, USB audio and many other functions.

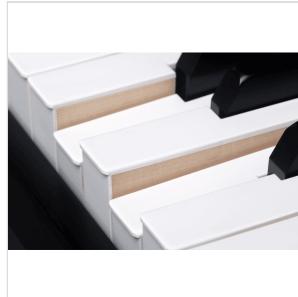

A refined OLED display together with a "Touch" control panel, complete an elegant and modern design of the UP605 upright digital piano.
