

HYPER BASS 12P

12" BASS-REFLEX PROFESSIONAL PASSIVE SUBWOOFER

HYPER BASS 12P is a passive subwoofer with bass-reflex, compact, lightweight and very easy to use. It is ideal for both fixed installations and live music events or PA in general. HYPER BASS 12P has a program power of 1000W (2000W peak) with a 12" professional custom woofer. This model has a sturdy, lightweight and elegant plywood housing with metal grille and acoustic foam to protect the transducers inside and give an attractive appearance. It also has 2 recessed handles (1 on each side) and a standard M20 mounting hole to allow any type of installation with SUBEST100-BK or SUBST100-M20 poles.
