

NPK-10 WHITE

PORTABLE DIGITAL PIANO

To provide the most authentic piano feel, NUX NPK-10 is equipped with advanced keyboard features - the superior WKJ - 03 triple sensors, scaled hammer action, escapement and ivory-feel keys, and 5 types of touch sensitivity to fit different styles. NPK-10 provides 12 high-quality sounds including a remarkable acoustic grand piano, and other expressive tones such as Marimba, Harpsichord, Strings, Organ, Pad, and more. When playing different songs and styles, you can further modify the brilliance, add two layered tones, or adjust 5 types of ambience effects, until you find the perfect sound. It is also super easy to save your favorite settings and quickly recall them later. Wanna join the band? You can stream your favorite songs from your phone via Bluetooth and jam along. Or let the onboard 12 types of rhythm playback spice it up. Or, record and loop your own playing on NPK-10! NPK-10 also offers a wide range of functions like transpose, duo keyboard, metronome, and "Piano Mate" APP tutoring. Its powerful connectivity capabilities, including USB MIDI, AUX IN&OUT, 2 headphone jacks, Bluetooth Audio/MIDI and pedal/3-pedal unit connection, provide even more possibilities for you. NPK-10 can easily fit into any décor and space, with its contemporary, simple, and compact exterior design.
