

DA-201 HI-HAT ATTACHMENT

The broad scope of modern music demands more percussive drum setups. Drummers need convenient access to a variety of percussion voices without sacrificing space on the kit.

Peace's new **CLAMP-IT™** Accessory Clamps create unlimited flexibility of placement by attaching our **multi-angle** adjustable accessory clamps to other essential stands.

Mount an extra pair of hi-hats, a splash cymbal, a cowbell, or even an additional crash cymbal at any angle with CLAMP-IT™ on any stand, and a world of options is within easy reach.
