

IC11BK002SD

INSTRUMENT CABLE 6.3MM JACK MONO - 6.3MM JACK MONO / 0.2MT

This cost effective unbalanced instrument cable series is the right choice when mechanical loads are minimal but the capacity requirements are very demanding, e.g. rack internal wiring or high impedance signal sources. The double shielding with conductive PVC and wounded copper allow the use even close to interference fields. To all this we have to add an outer diameter that makes it extremely versatile. The connectors are both 1/4" professional phone plugs, 2 poles, gold plated tip.

 1/4" professional phone plug, 2 pole, gold plated tip / DP05SS6 INCO

 1/4" professional phone plug, 2 pole, gold plated tip / DP05SS6 INCO

 BC15 INC Coaxial Audio Cable

IC11BK002SD

INSTRUMENT CABLE 6.3MM JACK MONO - 6.3MM JACK MONO / 0.2MT

PRODUCT DETAILS

KEY FEATURES

1/4" professional phone plug, 2 poles (Mono), gold plated tip / DP05SS6 INCO

BC15 INC coaxial audio cable with O.F.C. construction

Wire diameter of 0.21 mm²

Cable diameter: 5.4mm

Conductive PVC + Copper Drain Wire shielding

PE core insulation

High interference rejection

Application: rack internal wiring in studio and on stage

Length: 0.2mt

SPECIFICATIONS

Wire diameter of 0.21 mm²

Cable diameter 5.4mm

Shielding conductive PVC + Copper Drain Wire shielding

Connectors 2x 1/4" professional phone plug, 2 poles (Mono), gold plated tip / DP05SS6 INCO
