

P4-0114-BP-

POWERSTROKE®4 COATED 14" DRUMHEAD

The Powerstroke® P4 Coated drumheads feature controlled sustain and focused low-end tones with increased durability. Snare and Tom drumheads are constructed with 2-ply of 7-mil Coated film with a 3-mil inlay ring, and Bass drumheads are constructed with a 7.5-mil inlay ring. Powerstroke® P4 Coated drumheads provide focused midrange tones making them the warmest-sounding of Remo's 2-ply drumheads with controlled sustain and attack.
