VINTAGE/NARROW STRAT® TREMOLO ASSEMBLY, CHROME

Vintage-style chrome bridge assembly used on most American Performer, Special, and Highway 1 Stratocaster models manufactured from 2002-present. Featuring 2-7/32" vintage mounting spacing but with the modern 2-1/16" string spacing, this bridge leaves a little extra room on the edges of the E strings.

Includes six bent "Fender"-stamped saddles, intonation screws and springs, tremolo claw, tremolo springs, tremolo arm with aged white tip, .050 hex adjustment wrench and mounting screws.
