FLIGHTCASE P-DDJ-FLX6 NSE

The Zomo P-DDJ-FLX6 NSE Case is made for the Pioneer DDJ-FLX6 Controller. The P-DDJ-FLX6 NSE completes the product range of the noble NSE-Edition from Zomo with an additional Equipment Case. This stylish flightcase is very robust to handle the heavy tour use without any problems. Thanks to the extra wide, black painted aluminium profiles and the stable ball corners the Zomo flight case offers a very high durability. To protect the controller from shocks, scratches or negative influences the DDJ-FLX6 equipment case is equipped with a practical inside padding. Also optically the Pioneer Flightcase can inspire completely. The classic design in the dark black NSE (= Night Style Edition) is stylish and a hundred percent an eye catcher. Developed for the roughest tour-everyday life the Zomo DJ Cases are road- and airworthy and protect your expensive DJ-equipment against damages, liquids or falls. The robustly processed, laminated 9mm plywood makes the P-DDJ-FLX6 NSE DJ Case highly resistant against scratches and shocks. The comfortable butterfly latches allow an easy unlocking and locking and guarantee an extremely secure hold of the lid. All NSE Cases are also lockable with an optional padlock.
