

GP8A

ACTIVE PA COLUMN SYSTEM BLUETOOTH BLACK FINISHING

ACTIVE PA COLUMN SYSTEM

This active PA column system has an 8" powered subwoofer unit and 3 modular column elements featuring a 4x2,5" K-array™ PAT® (Pure Array Technology) array module.

Plug-and-play design features a mixer 2 mic/line inputs, a stereo AUX input, Bluetooth connectivity and USB player.

Thanks to its compact format, GP8A is the perfect companion for your gig, cocktail party, event or your loud karaoke session at home.
