CD CASE MK1 - SILVER

In the Zomo CD MK1 Case CDs/DVDs are sorted horizontally so that you can quickly find the right disc and above all read it better. The two centre stays are firmly fixed in the case so that nothing slips and everything is always neat and tidy stowed away. The supplied keys can be used to securely lock the case's snap locks and protect the CDs from unauthorised access. Sheer genius and totally cool! It's Zomo!
