

DJM-750MK2

4-CHANNEL MIXER WITH CLUB DNA

Take the step to the DJ booth seamlessly with the DJM-750MK2, a 4-channel mixer which inherits key features and design elements from the DJM-900NXS2, creating a club-style setup when combined with our professional CDJ or XDJ multi players. You can perform seamless mixes on the DJM-750MK2 thanks to the smooth curves on the EQs and channel faders. The Magvel crossfader, inherited from the DJM-900NXS2, gives a precise response and assured feel during even the most complicated scratch techniques.
