

HRM-7

PROFESSIONAL CIRCUMAUURAL STUDIO MONITOR HEADPHONES

Perfect studio sound. The HRM-7 professional studio headphones have been especially designed for dance music producers. Accordingly, they deliver an accurate, neutral sound with optimal bass response for detailed monitoring. Thanks to the headband's freely adjustable headband and flexible, ergonomic design, you won't even notice wearing them, even during long recording sessions.

PROFESSIONAL CIRCUMAUURAL STUDIO MONITOR HEADPHONES

PRODUCT DETAILS

KEY FEATURES

The unique 40 mm HD driver units faithfully reproduce frequencies of up to 40 kHz. This way, crystal clear, high-res sound is guaranteed.

Clean accurate sound

The headphones' fully enclosed ear pads deliver optimum sound isolation, while reducing ambient noise

The large ear pads are made with a hybrid memory foam - covered with soft velour fabric - to provide a snug and comfortable fit
