

ZW025

85/15 BRONZE ACOUSTIC GUITAR STRINGS, .025

85/15 Bronze combines the brilliance of 80/20 bronze with the longer life characteristics of Phosphor Bronze. The 85/15 Bronze wrap wire is precision wound onto a carefully drawn, hexagonally shaped high carbon steel core, resulting in long lasting, bright sounding tone with excellent intonation. ZW025 strings offer easier playability than regular light strings, while maintaining balanced, projecting acoustic tone.
