DDJ-FLX6-GT

4-CHANNEL DJ CONTROLLER FOR REKORDBOX AND SERATO DJ PRO

HIGHLIGHTS

ALL-NEW MERGE FX

Add drama to your sets and easily mix different styles of music. No matter what the BPM or key of the next track is, you can create an exciting transition whenever you want. Simply press the knob and turn it as fast or as slowly as you like to start building up the tension in the music.

FULL-SIZE JOG WHEELS WITH TRACK POSITION DISPLAY

Pitch bending and scratching feels natural thanks to the large jog wheels, which are the same size as those on the flagship CDJ-3000 multi player. Each one features On Jog Display too, so you can keep an eye on the playhead position.

DDJ-FLX6-GT

4-CHANNEL DJ CONTROLLER FOR REKORDBOX AND SERATO DJ PRO

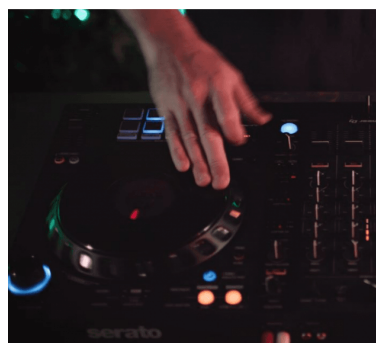

SAMPLE SCRATCH: GET CREATIVE WITH YOUR FAVORITE SOUNDS

Sample Scratch is a brand-new pad mode in rekordbox which enables you to choose sounds you've assigned to the sampler and load them onto the decks. So, when you want to create a live remix of a track, or simply add some texture to the music, you can scratch with your favorite sounds.

JOG CUTTER: CREATE PRO-SOUNDING SCRATCH EFFECTS, ONE-HANDED

Turn on Jog Cutter and simply move the jog wheel to apply a professional-sounding scratch effect to the last Hot Cue or playback position you used on that deck. There are 10 different scratch patterns and you can switch from one to another by simply moving the playhead position, shown on the jog wheel's display, to point toward the angle for the scratch you want to use.
