ZOMO FLIGHTCASE PM-A9 PLUS NSE

030103434 sound or type u

The Zomo Flightcase PM-A9 Plus NSE is the ideal case for your **Pioneer DJ DJM-A9 mixer**. The unique **Night Style Edition (NSE)** gives this flight case an impressive, jet-black appearance that convinces not only with its robust quality but also with its stylish look.

As a renowned manufacturer of DJ cases, Zomo ensures that its products are suitable for both road and air transport. Therefore, the DJM-A9 equipment flight case is well-equipped to handle all DJ gigs effortlessly. Excellent **internal padding** reliably protects your equipment from damage, scratches, or external harm and also prevents the mixer from slipping.

The PM-A9 Plus NSE flight case is made of solid, **laminated 9mm plywood**, giving it high shock and scratch resistance. The extra-wide, **black lacquered aluminum profiles** and the sturdy **ball corners** ensure high durability, which is essential for professional use.

In case you need access to the mixer's inputs during your performance, the **front panel can be quickly and easily removed** even when the DJ gear is still inside the DJ case. A special feature of the PLUS version of this flight case is the **integrated, pull-out laptop shelf**. It provides a secure hold for your notebook during the performance, enhancing the case's practicality.

The Pioneer DJ equipment case in the dark NSE edition not only offers professional quality but also captivates with a **classic appearance** that is guaranteed to catch everyone's attention. The butterfly latches ensure a secure hold of the lid and allow for easy opening and closing. For additional protection, all NSE flight cases can be secured with an *optional padlock*.

With the Zomo Flightcase PM-A9 Plus NSE, you'll get a professional DJ case that leaves nothing to be desired in terms of quality, design, and functionality.
