PINSTRIPES CLEAR 20" DRUMHEAD

The clear drumhead is Remo's brightest and most open sounding head. They're known for their bright tones, resonance, and sustain. Clear heads are best known as batter and resonant heads opening up the sound of tom-toms and bass drums. Clear Pinstripe® heads are made with two 7-mil Mylar® plies, and have quick decay, making them ideal heads for the "fat" sounds of Pop, Rock and R&B and for those who want a low pitched sound with moderate attack and response characteristics.
