

CDJ-3000

PROFESSIONAL DJ MULTI PLAYER

Enhance your creative power with our evolved flagship multi player, the CDJ-3000. This robust unit is powered by a new MPU and packed with specially developed high-quality components and innovative features. The MPU (micro-processing unit) is the first we've ever put in a CDJ. It drives the unit, delivering stable performance and enabling advanced new features, and creates a smoother overall DJ experience.
