

NUX B-3 PLUS MIC BUNDLE

DIGITAL MICROPHONE WIRELESS SYSTEM + DYNAMIC MICROPHONE (2.4GHZ ISM WORLDWIDE)

Forget cables, forget loss of signal, forget latency! NUX B-3 PLUS MIC BUNDLE includes the renowned B-3 PLUS wireless system and a hi quality dynamic microphone.

NUX B-3 PLUS is a 2.4Ghz Digital Microphone Wireless System, conceived to preserve the tone and the dynamic of your voice with 24 bit/44.1 KHz Hi-Res sound quality transmission and ultra low latency (< 3.5ms).

With its 6 channels, it is really a Plung'n Play machine: just turn it on and the Auto-Pairing will detect Wi-Fi interferences to choose the best channel for you. Rechargeable lithium battery for up 7 hours of use, receiver holder included.

NUX B-3 PLUS MIC BUNDLE

DIGITAL MICROPHONE WIRELESS SYSTEM + DYNAMIC MICROPHONE (2.4GHZ ISM WORLDWIDE)

HIGHLIGHTS

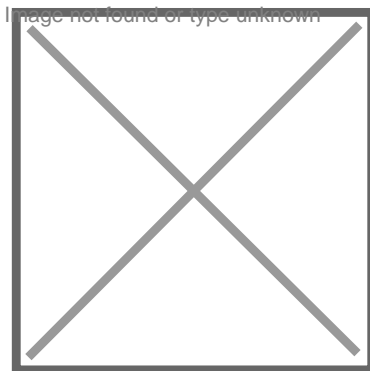

SAY GOODBYE TO CABLES AND NOW... THE MICROPHONE IS INCLUDED!

Surprise: the bundle now includes a dynamic microphone also! Connect the TX to microphone and connect the RX to a device you want to connect the microphone (amplifier, speaker, mixer, camera or mobile phone). There you are!

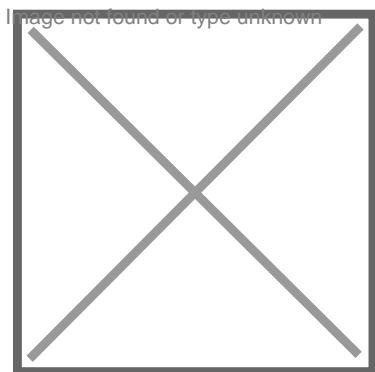

PLUG & PLAY WITH NO INTERFERENCES

Plug it and you are ready to play: the Auto Pairing with 6 channels scanning can avoid Wi-Fi interference and make it simple to use.
